#### SALUTATION

Seattle, Washington October 12, 2005

The Honorable Alfred W. Gross, Commissioner Chair, NAIC Financial Condition (E) Committee State Corporation Commission Bureau of Insurance Commonwealth of Virginia PO Box 1157 Richmond, VA 23218

The Honorable Linda Hall, Director Alaska Division of Insurance Secretary, Western Zone 550 West 7<sup>th</sup> Avenue, Suite 1650 Anchorage, AK 99501-3567

The Honorable Mike Kreidler, Commissioner Washington State Office of the Insurance Commissioner (OIC) 302-14<sup>th</sup> Avenue SW Olympia, WA 98504

Dear Commissioners and Director:

In accordance with your instructions and in compliance with the statutory requirements of RCW 48.03.010, an Association examination was made of the corporate affairs and financial records of

## NORTH COAST LIFE INSURANCE COMPANY of

Spokane, Washington

hereinafter referred to as "NCLIC" or "the Company", at its home office located at W. 1116 Riverside, Spokane, Washington. The following report on the examination is respectfully submitted showing the condition of the Company as of December 31, 2004.

#### SCOPE OF THE EXAMINATION

This examination covers the period January 1, 2001 through December 31, 2004 and comprises a comprehensive review of the books and records of the Company. The examination followed the statutory requirements contained in the Washington Administration Code (WAC), and Revised Code of Washington (RCW), and the guidelines recommended by the National Association of Insurance Commissioners (NAIC) Financial Condition Examiners Handbook (FCEH). The examination included identification and disposition of material transactions and events occurring subsequent to the date of examination that were noted during the examination.

Corporate records, external reference materials, and various aspects of the Company's operating procedures and financial records were reviewed and tested during the course of this examination and are commented upon in the following sections of this report. In addition, the Company's certified public accountant's (CPA's) work papers were reviewed and utilized, where possible, to facilitate efficiency in the examination.

#### **INSTRUCTIONS**

The examiners reviewed the Company's filed 2004 NAIC Annual Statement as part of the statutory examination. This review was performed to determine if the Company completed the NAIC Annual Statement in accordance with the NAIC Annual Statement Instructions and to determine if the Company's accounts and records were prepared and maintained in accordance with Title 48 RCW and Title 284 WAC, and the NAIC Statements of Statutory Accounting Principles (SSAP) as contained in the Accounting Practices and Procedures Manual (AP&P).

The following summarizes the exceptions noted while performing this review.

### 1. Custodial Agreement

In the 2004 NAIC Annual Statement Interrogatory #22.01, the Company stated that its Custodial Agreement with US Bancorp complied with the NAIC FCEH. However, the results of the examination disclosed the following:

The Agreement does not state that US Bank shall hold the certificated securities of NCLIC separate from all other securities or in fungible bulk.

- The Agreement does not state that securities held in fungible bulk by US Bank, in a clearing corporation, or in the Federal Reserve book-entry system, shall be separately identified on US Bank's official records as being owned by NCLIC.
- The Agreement does not require that securities, other than those held to meet depository requirements, shall be withdrawable upon demand by NCLIC.

- The Agreement does not state that all transfers shall be provided to NCLIC in hard copy or electronic format.
- The Agreement does not require that in the event there is a loss of securities for which US Bank is obligated to indemnify NCLIC, US Bank shall promptly replace the securities or the value of said securities and the value of any loss of rights or privileges resulting from the loss of said securities.
- In the event US Bank gains entry into a clearing corporation through an agent, the Agreement does not require US Bank to enter into a written agreement subjecting the agent to the same liability as US Bank for the loss of securities.
- The Agreement does not require that in the event the Agreement is terminated or if 100% of the account assets of any one custody account are withdrawn, US Bank will provide the OIC written notification within three (3) business days of termination or withdrawal.
- The Agreement does not require that, on reasonable notice, the OIC shall be entitled to examine, on US Bank's premises, the bank's records regarding NCLIC securities.
- The Agreement does not require US Bank and its agents, upon reasonable request, to send to NCLIC all internal control reports received from a clearing corporation or the Federal Reserve book-entry system, which the clearing corporation or the Federal Reserve permits to be redistributed, or such reports prepared by US Bank's external auditor.
- The Agreement does not require US Bank to maintain records sufficient to determine and verify the bank's financial information used by NCLIC in the preparation of its annual statements and supporting schedules.

The Company is instructed to follow the NAIC's Annual Statement Instructions and the AP&P, as required by WAC 284-07-050(2). Adherence to the FCEH is included in these requirements, so the Company is instructed to correct all deficiencies noted above and to execute a revised or amended custodial agreement.

#### 2. Affiliated Transactions

The Company records transactions of its affiliates, West 1116 Riverside Partnership and West 1124 Riverside Partnership, in a suspense account within its own general ledger. These items are unrelated to the operations of NCLIC and should not be so recorded. The Company did change its procedures in February 2005 to eliminate these transactions from its general ledger.

The Company is instructed to comply with RCW 48.05.280 and to keep full and adequate accounts and records of its assets, obligations, transactions, and affairs.

#### 3. Unauthorized Reinsurance

Effective January 1, 2004, NCLIC entered into an agreement to be the fronting company for a "Cancer Medical Reimbursement Plan" (CMRP) product. This product is 100% reinsured by International Reinsurance Company Ltd (IRC), an alien, unauthorized reinsurer. RCW 48.12.166(1) and (2) requires assuming alien reinsurers to register and to annually renew such registration with the commissioner, but IRC has not done so. In addition, RCW 48.12.160(1)(c)(i) and (ii) requires unauthorized reinsurers to deposit qualified funds or assets in a bank which is a member of the Federal Reserve System or to furnish a "...clean, irrevocable, and unconditional letter of credit...", with a term of at least one year, in a qualifying United States bank, equal to the amount of credit taken on the ceded risks. (All of these requirements are also contained in SSAP No. 61, paragraph 42 and Appendix A-785). The required deposit or letter of credit (LOC) has not been obtained, so no credit can be taken for the reserves ceded under this agreement and examination adjustment number 1 will be made to charge Surplus for the \$ 107,362 of reserves ceded under this contract.

The Company also did not request approval for the group certificates from the OIC or the California insurance regulators nor did it attempt to validate the plan's prior history or its predecessor's reason for termination. These lapses, plus the failure to confirm IRC's registration and to secure the LOC constitute a breach of the fiduciary responsibility required by RCW 48.05.370.

The Company is instructed to comply with RCW 48.05.073 and WAC 284-07-500(2) and to file its financial statements in accordance with the RCW and AP&P by eliminating any unauthorized reserve credits which are not secured by deposits or an LOC, as required by RCW 48.12.160(1)(c)(i) or (ii).

NCLIC is further instructed to ensure that its officers and directors comply with RCW 48.05.370, which requires that they discharge their duties with the diligence, care and skill which ordinary, prudent men would exercise in similar situations. This includes ensuring that the Company officers and directors fully and critically evaluate proposed significant transactions and agreements before executing them. In the case of the CMRP, this evaluation is overdue and serious consideration should be given to terminating this agreement.

#### 4. Mortgage Loans Valuation

The Company invested in purchase money mortgages without complying with the RCW 48.12.200(1) limitations, which restrict such loans to 90% of a property's fair value at the date of the loan. Since the mortgages have subsequently been written down to less than 90%, no examination adjustment has been made.

The Company is instructed to adhere to RCW 48.12.200(1) by limiting purchase money mortgage loans to 90% of the properties' fair value.

#### 5. NAIC Annual Statement Preparation

Every insurer must prepare its financial statements in accordance with the AP&P. In preparing its 2004 NAIC Annual Statement, NCLIC did not follow the NAIC Annual Statement Instructions in the following areas:

- \$14,974 of policyholder checks that are pending escheat should be recorded as aggregate write-ins for liabilities on page 3, line 25 of the 2004 NAIC Annual Statement and not shown as remittances and items not allocated on page 3, line 19.
- \$16,088 of treasury stock should be shown on the 2004 NAIC Annual Statement page 3, line 36.1 (treasury stock) and not included in remittances and items not allocated on page 3, line 19.
- According to the Notes to the Financial Statements in the 2004 NAIC Annual Statement, Note No. 13, the Company has 800,000 shares of common stock authorized. According to the amended Articles of Incorporation filed with the OIC, dated September 9, 2000, the number of authorized shares was increased to 1,500,000 shares.
- Transactions with an unauthorized reinsurer, International Reinsurance Company Ltd were reported on Schedule S, part 2 and 3 instead of Schedule S, part 4.

The Company is instructed to comply with RCW 48.05.073 which requires the filing of its financial statements in accordance with the AP&P; and WAC 284-07-050(2) which requires adherence to the NAIC Annual Statement Instructions and the AP&P.

### 6. Change in Number of Board Members

The Company reduced its number of Directors from twelve to nine, without approval of its shareholders as required by its By-Laws. Per RCW 24.06.130, a company cannot

change the number of its Directors, unless it amends its By-Laws or Articles of Incorporation.

In accordance with RCW 24.06.130, which requires that a change in the number of Directors be made through an amendment to the By-Laws or Articles of Incorporation, the Company is instructed to amend its By-Laws to reduce the number of directors to nine or to bring the number of directors in conformity with the existing By-Laws.

#### 7. IBNR

Based on a review by the OIC actuary, the IBNR used by the Company on its 2004 NAIC Annual Statement did not reflect the actual experience of the Company. Examination adjustment number 2 will be made, charging Surplus and increasing the IBNR by \$76,355 to reflect the actual experience.

The Company is instructed to comply with RCW 48.12.030(2) and record the amount necessary to pay all of its losses and claims whether paid or unpaid. This would include recording the IBNR that closely approximates the actual experience of the Company.

#### **COMMENTS AND RECOMMENDATIONS**

#### 1. Business Contingency Plan

NCLIC does not have a formal, written, Business Contingency Plan that addresses the continuation of all significant business activities such as claims, policy service and payroll.

It is recommended that NCLIC follow the NAIC Guidelines concerning disruptions of normal business activities and implement a Business Contingency Plan to ensure continuation of all significant business services, including financial functions, customer service and telecommunication systems.

#### 2. Property Insurance

The building occupied by the Company is owned by an affiliate, West 1116 Riverside Partners, but the property insurance is in the name of NCLIC. Premiums are paid by NCLIC and allocated back to the partnership at year-end.

To avoid problems in the event of a loss, it is recommended that the property insurance on the West 1116 Riverside building should be in the name of its owner, West 1116 Riverside Partners.

#### 3. Policy and Claim File Security

The policy and claim files are not kept in a secure or fireproof area. Instead, they are located in the main working area and can be accessed by anyone.

To protect all valuable and private information, it is recommended that the Company keep the policy and claim files in a secure area.

#### 4. Employee Handbook

The Employee Handbook (EH) was written in 1991 and contains some employment policies and procedures which have changed or have not been followed. This is particularly true regarding the employee benefit plan and performance reviews. In 1991, the Company had a defined benefit plan which is described in the Employee Handbook. In 1996, the Company eliminated this plan and changed to a 401K defined contribution plan. Also, annual performance reviews are generally not performed, contrary to a recommendation in the last examination report. Erroneous descriptions of employee benefits and practices are obviously not helpful to employees and could lead to breach of contract allegations by them.

In order to provide guidance for employees and to avoid possible litigation, it is recommended that NCLIC update its Employee Handbook to reflect current conditions.

#### 5. Private Placements and Foreign Investments

Investment in private placements is not permitted by the Company's investment policy. However, the Company reported private placements on schedule D of its 2004 NAIC Annual Statement.

In addition, the Company did not check its foreign investments for compliance with RCW 48.13.180(2), although subsequent research did not discover any disqualification of these investments under that provision.

A company's investment policy is an internal control feature and should be followed in order to safeguard its assets. Therefore, NCLIC should either follow or revise its policy, subject to any required approval process. Private placements have restricted liquidity and special valuation problems. If the investment policy is modified to permit private placement investments, it is recommended that the Company obtain a better understanding of private placements before investing therein and maintain ongoing contact with originators or managers. Additionally, prospective foreign

investments should be appropriately screened in accordance with RCW 48.13.180(2).

### 6. Documentation of Procedures and Reconciliations

The Company does not have written procedures for cash receipts and disbursements, premiums and claims processing, and investment reconciliations.

It is recommended that the Company implement written procedures documenting all important processes and reconciliations.

#### 7. Directors and Officers' Liability Insurance

The Company does not have directors' and officers' liability insurance. The Company states that it is not economically feasible at the current time.

Directors' and officers' liability coverage is important to protect the Company's assets and it is recommended that the Company obtain this insurance.

#### 8. Intercompany Agreements

The Company has two intercompany agreements, a management contract with West 1116 Riverside Partners, 1124 Riverside Partners and RJM, and a mortgage loan servicing agreement with RJM.

Due to the cessation of work performed for the affiliates and the declining number of NCLIC's mortgages, the Company no longer has transactions under either contract and does not expect to have any in the future.

In order to recognize the current reality concerning these intercompany agreements, it is recommended that the Company formally cancel the affiliated company service and mortgage loan contracts.

#### 9. Investment Transactions

The Company's President makes all investment decisions, which are subsequently reviewed by the investment committee during its quarterly meetings. The committee then makes recommendations to the President for future investments.

Important investment decisions benefit from the prospective consideration of different viewpoints and it is difficult to revise a transaction retroactively. A case in point recently occurred when the Company inadvertently exceeded statutorily-imposed limitations on the holding of preferred stock during a time when the President was unavailable. Also, Best's Insurance Report stated that NCLIC has previously experienced investment valuation problems.

Control should be improved if the Company appointed an investment firm to manage the portfolio, subject to specific performance guidelines and restrictions. The President could then evaluate the firm's performance on an ongoing basis, without the obligation to make day-to-day investment decisions. In addition, the Investment Committee would have two levels of control on which to rely when continuing its current oversight role. Although such a system should pay for itself on a net basis, the gross cost of an outside manager could probably be minimized if a well-reputed regional firm could be found to provide this function for a reasonable fee.

It is recommended that the Company utilize an investment firm to manage the investment portfolio, subject to agreed performance objectives and restrictions, leaving the President and the investment committee to review and oversee the investment decisions.

#### **COMPANY PROFILE**

#### **Company History**

The Company was incorporated under the laws of the state of Washington on February 5, 1965, as a stock life insurance company and commenced business on May 3, 1965. Since incorporation, the Company has acquired or merged business from a number of insurance companies.

#### Capitalization

At the end of 2004, there were 182 common shareholders owning 611,983 shares with a par value of \$3.50 each, giving a total par value of \$2,141,941. There were 204 preferred shareholders owning 362,690 outstanding shares with a par value of \$1 each and a total outstanding par value of \$362,690. There were also \$400,000 of surplus notes and paid-in surplus of \$5,140,431. Unassigned surplus was a deficit of \$1,873,613, resulting in a total capitalization of \$6,171,449.

#### **Territory and Plan of Operation**

The Company markets interest-sensitive whole life, term, and flexible premium deferred annuity contracts in 12 states, Guam and the Commonwealth of the Northern Marianas. The majority of the Company's business is generated in California, Washington, and Arizona.

NCLIC is represented by a field force of approximately 200 independent agents and 42 brokers all of whom hold non-exclusive contracts.

## **Growth of Company**

The Company's growth, as reported in its filed NAIC Annual Statements, is illustrated below.

|                         | <u>Assets</u> |        | <u>Liabilities</u> | Capital and<br><u>Surplus</u> |

Total Business In Force

\$507,598,291

#### **AFFILIATED COMPANIES**

#### R. J. Martin Mortgage Company

R. J. Martin Mortgage Company (RJM) is closely-held mortgage finance and servicing company. RJM owns approximately 51% of NCLIC and is controlled by C. Robert Ogden, President of NCLIC.

#### West 1116 Riverside Avenue Partners

The West 1116 Riverside Avenue partnership was originally formed in 1989 by NCLIC, RJM, and C. Robert and Margaret M. Ogden, to purchase the Company's home office.

#### West 1124 Riverside Avenue Partners

West 1124 Riverside Avenue Partnership, a real estate management partnership, was formed in 1992 to purchase the commercial office building adjacent to NCLIC's home office building. C. Robert Ogden is the managing partner of West 1124 Riverside Avenue Partners. As of December 31, 2004, the ownership percentages of West 1124 Riverside Partners was as follows: NCLIC 77.4%; RJM, 10.8%; C. Robert and Margaret Ogden, 5.7%; and Heylman Properties 6.1%.

#### **Intercompany Contracts**

- Intercompany agreement with West 1116 Riverside Partners, 1124 Riverside Partners and RJM
- Mortgage loan servicing agreement with RJM

Due to the lack of work performed for the affiliates, and the reduced number of mortgages NCLIC owns, neither contract is operative.

#### MANAGEMENT AND CONTROL

#### Ownership

The Company's President, C. Robert Ogden, is its ultimate controlling person. Mr. Ogden and his immediate family control approximately 79% of the outstanding common stock of NCLIC.

Significant shareholders of the common stock include the following:

R. J. Martin Mortgage Company 306,042 shares C. Robert Ogden and Members of his family 116,258 shares W. 1116 Riverside Partners 59,891 shares

#### **Board of Directors**

As of December 31, 2004, the Company had a nine-member Board of Directors (BOD) consisting of the following:

| Name                  | Principal Business Affiliation                               |
|-----------------------|--|
| C. Robert Ogden       | President of NCLIC   |
| Ronald Drake Andrews  | Owner and operator of Andrews Orchards                       |
| Gavin John Cooley     | CFO, City of Spokane   |
| William Carlin Fix    | President, William C. Fix Investments                        |
| Nicholas Ross Knapton | Certified Public Accountant, McDirmid, Mikkelsen & Secrest   |
| David Martin Ogden    | Owner, Clear Creek Recording Studios                         |
| Douglas Hunter Ogden  | Attorney, VP & General Counsel, Alternative Energy Institute |
| Robert James Ogden    | Vice President of NCLIC                                      |
| Ronald Robert Snyder  | President, Selkirk Investments, Inc.                         |

The by-Laws vest the management and control of the affairs of the Company in a BOD consisting of twelve members, a majority of whom must be Washington residents. In 2004, the Company reduced the BOD to nine members without the shareholder approval which is required by its by-laws.

**Officers**: The officers as of December 31, 2004 were:

| <u>Title</u> |
|--------------|
| President    |
| Secretary    |
| Treasurer    |
|              |

#### **Committees**

The Company has an executive committee, an investment committee, an audit committee and a management committee.

#### **Conflict of Interest**

NCLIC has a policy statement and questionnaire to disclose conflicts of interest which all directors, officers and key employees are required to sign. These are reviewed by the President for any irregularities.

#### Fidelity Bond and Other Insurance

The Company uses a broker to monitor its insurance needs and to obtain the necessary coverage. Except for a lack of Directors and Officers liability insurance, the Company has no obvious gaps in its coverage. (See Comment and Recommendation #6)

#### Officers', Employees', and Agents' Welfare and Pension Plans

The Company has no Defined Benefit Plan.

The Company maintains an I.R.C. Section 401k Retirement Plan. Under the plan, the Company annually matches employee contributions. The Company matches the first \$600 employee contribution at 100% and the next \$600 employee contribution at 50%, for a maximum annual contribution of \$900.

#### **CORPORATE RECORDS**

The corporate records were reviewed for the period under examination. All board meetings were conducted with a quorum present. There have been no changes to the Articles of Incorporation or By-Laws since the last examination.

#### **MORTALITY AND LOSS**

NCLIC provided copies of its actuarial workpapers and reserve reports as of December 31, 2004. Tests were performed on the underlying data, methods, and calculations as deemed necessary. Valuation reports and procedures were tested to establish that accurate and complete in-force information as of December 31, 2004 was represented in the valuation reports and workpapers. A sampling of contracts and payments was taken from active life and disabled life reserve reports, premium collection records and paid claims reports. The samples were tested for completeness and accuracy and it was

determined that the Company's calculations were based on accurate and complete demographic data.

During the course of the examination, the OIC actuary performed such testing of the Company's reserving methodologies and philosophies as was deemed necessary to form an opinion with respect to the items reported. The actuary relied upon the Company's listings and summaries of in-force policies and contracts.

The general examination emphasis was to review the methods, assumptions or other bases used to determine the reported NAIC Annual Statement items, and to determine whether the reported amounts are sufficient and in compliance with Washington law.

In the OIC actuary's opinion, the methods, assumptions and methodologies used by the Company are generally appropriate except for the calculation of the IBNR reserves, which was not appropriate based on the Company's actual experience. An adjustment for \$76,355 is proposed. The Company also did not have reserves set up on its Cancer Care business with an unauthorized reinsurer (see Instruction No. 3). A reserve of \$107,362 has been proposed. Besides the previous two items, all material relevant assets and liabilities on the NAIC Annual Statement were reported in accordance with accepted methods and principles.

#### **REINSURANCE**

The Company assumes no reinsurance. It has a number of ceded contracts with authorized reinsurers, covering various product segments. Depending on the contract, cessions are made on a renewable term, coinsurance or modified coinsurance basis. There is also a 100% quota share financial reinsurance agreement covering certain ordinary life policy groups, which will conclude at the end of 2005.

In addition, effective January 1, 2004, NCLIC entered a 100% quota share (fronting) agreement for a Cancer Medical Reimbursement Plan (CMRP). Under the agreement, the Company receives 10% of gross premiums to cover up to \$1,000,000 per person of unreimbursed medical expenses for cancer and up to \$25,000 of expenses for some other "dread diseases" (DD). The insured persons are obliged to carry primary medical expense insurance covering 70% of their eligible medical benefits.

NCLIC's explicit minimum obligation under the CMRP plan would be for up to \$500 of the primary plan's deductible for cancer and DD-related expenses, plus any coinsurance payments required by the policyholder's primary plan. Since the CMRP policy promises "100% reimbursement for covered medical expenses", NCLIC also has an obligation for the remaining 30% of covered medical expenses not reimbursed by the primary plan. All of the Company's obligations are reinsured by International Reinsurance Company Ltd (IRC), up to \$1,000,000 per person. IRC is an unauthorized reinsurer located in the Cayman Islands and is wholly-owned by the plan's administrator, who is contractually

responsible for all aspects of the plan's operations, including sales, collections, claim settlements, administrative and tax expenses.

All the contracts contain the insolvency clause required by RCW 48.12.162(1)(b).

#### **STATUTORY DEPOSITS**

The Company has the following statutory deposits:

| <u>State</u> | <u>Par Value</u> | <u>Market Value</u> | Statement Value |
|--------------|------------------|---------------------|-----------------|
| Washington   | \$2,500,000      | \$2,769,210         | \$2,423,525     |
| New Mexico   | 115,000          | 120,642             | 116,932         |

#### **ACCOUNTING RECORDS AND INFORMATIONS SYSTEMS**

The Company maintains its accounting records on a Statutory Accounting Principles (SAP) basis for NAIC Annual Statement reporting. NCLIC is audited annually by a local certified public accounting firm and received an unqualified opinion for all years under review. The Company's accounting procedures, internal controls, and transaction cycles were reviewed during the planning and testing phase of the examination and no exceptions were noted.

The management of NCLIC is sufficiently knowledgeable of the information systems (IS) process. Systems development, acquisition, and maintenance controls were evaluated to gain assurance that appropriate controls are in place. Operations and application controls were reviewed to determine the type of hardware installed; operating systems and proprietary software in use; back up and recovery facilities employed; and the controls exercised to maintain data security. Sufficient internal controls are in place and monitored by the Company. NCLIC's IS Department has the ability to recover from an incident or disaster and has documented these procedures in a detailed, written disaster recovery plan.

#### SUBSEQUENT EVENTS

The Company has elected to terminate its fronting arrangement with International Reinsurance Company and has scheduled termination for the summer of 2005.

#### FOLLOW UP ON PREVIOUS EXAMINATION FINDINGS

All previous report instructions and comments were corrected.

## NOTES TO THE FINANCIAL STATEMENTS

- 1. Reversal of reserve for unauthorized reinsurance.
- 2. Increase in IBNR.
- 3. The Company has no permitted practices or orders from the state of Washington.
- 4. The Company and the OIC entered into an agreement July 31, 2001 which stipulated the conditions that must be met before preferred dividends can be paid per RCW 48.08.030. In accordance with this statute and the agreement, the Company will not pay dividends without applying to, and receiving approval from, the OIC. On December 23, 2003, Company management indefinitely suspended the quarterly dividend on its preferred stock. An erosion of the credit quality in certain Company investments prompted this suspension.

## **ACKNOWLEDGEMENT**

The cooperation and assistance of the officers and employees of the Company during the examination are hereby acknowledged.

In addition to the undersigned, Susan Campbell, CPA, FLMI; Kathy Hicks, CPA; Friday Enoye; Alexis S. Santos, FSA, MAAA; Michael V. Jordan, CPA, CFE, MHP, and John Jacobson, AFE, CISA, all from the Washington State Office of the Insurance Commissioner participated in the examination and the preparation of this report.

Respectfully submitted,

John Gaynard, CFE, CPA, FLMI

Examiner in Charge

Washington State Office of the Insurance Commissioner
